

## Ensuring That Your Most Altruistic Clients Are Protected Overseas

Will your religious organization clients be prepared to respond to a crisis while traveling abroad?

Each day across America, well-intentioned volunteer groups of all religious denominations set off to deliver relief, aid and other services to some of the most remote and impoverished destinations in the world. The same selfless approach that inspires these noble trips very often also leads these church members to overlook the potential dangers they will encounter along the way.

As an agent, it may be difficult to convey the need for foreign liability coverage to these volunteer groups. Chubb's Foreign Travel Checklist for Religious Organizations aims to both simplify the insurance conversation, while also assuring your client has properly prepared for their trip. See for yourself how a Chubb Multinational policy and the [Chubb Travel App](#) will help provide peace of mind and protection while your client is abroad:

- **Make Sure You Are Insured** - Many times, domestic property & casualty programs have significant insurance gaps for volunteers while traveling abroad. Purchasing a Chubb Multinational policy provides peace of mind that insurance will follow your volunteers around the globe. Our foreign package products can be tailored to address the specific needs of religious organizations and we offer a best-in-class starting premium of \$1,250.
- **Know Before You Go** - Use your foreign package policy number to access the Chubb Travel App for smartphones, where you can receive real-time alerts related to health threats, civil unrest, political instability, riots, protests and other potentially dangerous activity taking place in your upcoming countries of destination.
- **Plan Ahead for Emergencies** - The Chubb Travel App will provide maps and contact information for the nearest embassies, hospitals and other key destinations for travelers.
- **"When in Rome..."** - Do not underestimate the importance locals will place on proper attire, conduct and etiquette. Assure that you are up to speed on local customs and traditions by reviewing the Chubb Travel App.
- **Knowledge is Power** - Share our 24 hour emergency assistance hotline number with all members of your group to reassure that each covered traveler is just a phone call away from help.
- **Get the Help You Need** - Our Executive Assistance services will help covered travelers gain admittance to local hospitals, or if needed we can assist in transporting travelers to a facility that can provide the appropriate level of care.
- **Local Support** - Chubb maintains a physical presence in over 54 countries across the globe. Language barriers and lack of knowledge of local laws are significant obstacles that our local offices can help your client overcome when every second counts.
