SPECIAL FEATURE

Save the Date for upcoming Big "I" Professional Liability Swiss Re Corporate Solutions Quarterly Risk Management Webinar

Session is set for September 13, 2017.

The Big "I" Professional Liability prides itself on offering more than a policy, but comprehensive program including robust risk management resources. Each quarter our risk management team hosts a webinar, provided free to Big "I" members and Swiss Re Corporate Solutions policyholders, addressing cutting edge E&O topics. The next session in the Big "I" Agency Risk Management Essentials series, **Emerging Exposures: Marijuana, Mold and More**, has been scheduled for September 13, 2017 at 2 p.m. Eastern.

Why should you attend? To learn about a number of exposures facing insurance agents that have plaintiff attorneys licking their chops. The webinar will not only identify the exposures, but also give you the tools you need to reduce your agency's risk of errors and omissions (E&O) Claims. The discussion will feature a member insurance agent, a representative from the Virtual Risk Consultant, a Swiss Re Corporate Solutions claims specialist, as well as E&O defense counsel. Register today and save the date for **Emerging Exposures: Marijuana, Mold and More**. Marketing materials are being developed for state use; stay tuned to state news for a drop-in article, cobranded web site web banner, and HTML email you can use to spread the word about this member benefit.

If you have any questions relating to the topic that you would like addressed during the discussion, please email [Jim Hanley](mailto:Jim.Hanley).
