Fund Performance is summarized for your convenience. We are not liable for any typographical errors or the accuracy of the information provided. Please see the most recent fund prospectus for additional information. Remember past performance does not guarantee future results.

**Expense Ratio** as reported by Morningstar. The expense ratio is the annual fee that all funds or ETFs charge their shareholders. It expresses the percentage of assets deducted each year for fund expenses, including 12b-1 fees, management fees, administrative fees, operating costs, and all other asset-based costs incurred by the fund but before the monthly custodial fee charged by the administrator.
