

Eagle Express Now Called 'Auto & Home Standard Markets'

Review revised underwriting and coverage pages on BIM.

As part of an ongoing effort to integrate Big "I" Markets and Eagle Agency, a few changes have been made. To eliminate confusion, the name Eagle will only reference Eagle Agency incubation appointments wherein members get a sub-appointment directly into MetLife, Safeco or Travelers. Eagle Express has been renamed to Auto & Home Standard Markets and requires no additional steps or special sign-up as it did in the past. Carriers participating in Auto & Home Standard Markets include MetLife, Progressive, Safeco and Travelers. Geographic restrictions may apply.

All reference to fees for Eagle Agency have been removed from the underwriting and coverage pages and updated information on requirements for obtaining an Eagle Agency appointment now appear. Please take a moment to familiarize yourself with the new underwriting and coverage pages on Big "I" Markets for **Auto & Home Standard Markets** and Eagle Agency Appointment Applications.
