Preventing Water Damage with Chubb

Did you know that the number one cause of loss in the insurance industry is water damage, and yet 93% of all non-weather related water damage issues are preventable?

Chubb would like you to educate your clients about how to prevent these types of claims by providing awareness of the issue and recommending proactive preventative measures as part of their risk management strategy.

In order to protect your book of business, Chubb has gathered a list of resources for you to share with your clients:

- [Chubb's resource center on Water Damage](#)
- The **'H2O Damage Defense' Brochure** This explains the Water Leak Detection System being offered by Sentinel Hydrosolutions at a 35% discount for all Chubb insureds.
- The **'Protect your Home from Water Damage' Brochure** This 10 step brochure can be used as an email to your clients.
- **Video of Chubb's Risk Consulting Technical Leader, Jim Magliaro, discussing water damage on *The Today Show*.**

The Chubb Masterpiece Program is available to registered members in all states except auto in HI, KY, MA, NC, SC and VA as those are being placed in the legacy-ACE system. Additionally, NJ auto and NC home business are being written in the Chubb Non-Masterpiece environment.
