Check Out Free FEMA Resources

The start of flood season is an ideal time to spread the word about flood insurance coverage and safety.

You can use ready-made tools from FEMA to "flood" social media with relevant messages to get your clients thinking and talking about flood.

You can copy these messages directly or customize them to reach your audience.

Visit www.ready.gov/flood-toolkit to download your free resource kit now!

To learn more about ways to engage your clients regarding flood insurance [click here](#) to find and consult with your Selective Flood Territory Manager.
