

Goldleaf Offers Hundreds of Bond Markets

Minnesota is known as the "Land of 10,000 Lakes." The actual number is 11,842 lakes... and that only includes lakes over 10 acres. If we were to include lakes and basins under 10 acres, the number would be even greater. There are so many lakes in Minnesota that many of them are not even named. Many have the same name; there are 115 Long Lakes in Minnesota.

Like the number of lakes in Minnesota, the various types bonds that can be needed is numerous. Goldleaf proudly bears the tagline, "One Company...Hundreds of Bonds" to express its ability to connect you to the very large number of bonds out there. And like the lakes in Minnesota, many bonds have the same name but have different requirements when

underwriting.

For independent insurance agents, navigating the world of surety can be daunting because of the sheer number of bonds out there. But it doesn't need to be. Goldleaf Surety's experience staff of Account Specialists can help you with all of your bond needs. When your client comes to you needing a "surety bond," Goldleaf can assist you in determining what bond your insured is needing and then navigate the underwriting process on your behalf to quickly obtain the correct bond for your client.

Goldleaf Surety has the experience and market access to assist you in obtaining the bonds you need.
