## Chubb PRS: Doing More for Clients & Brokers

Chubb Private Risk Services consistently looks for ways to innovate and to do more for their clients while providing additional resources for our independent agents and brokers. That's why they are pleased to announce two new smart phone apps: The **Chubb Mobile app version 2.0** and **Chubb at the Wheel!**

### The Chubb Mobile App:

Your clients have been enjoying the convenience of viewing Masterpiece auto ID cards on any device, dialing their agent's number instantly, and reporting claims in a simple step on the Chubb Mobile app. Now, with version 2.0, Chubb's made it even easier for your clients to do more:

- View billing information and make a payment via the app
- Manage contact information
- Log in using their fingerprint or face/voice combination (with compatible devices)
- Use voice commands to navigate the app hands free

Just look for "Chubb Mobile" on the App Store or Google Play Store and see what's new and better than ever!

\*\*Clients must be registered for the portal in order to fully utilize this app. If they have not registered, they can register now on the [client portal registration page](#).

### Chubb at the Wheel:

Nothing can be as stressful or as freeing as letting your teens drive on their own. The Chubb at the Wheel app was designed to help teen drivers become better, safer drivers by tracking how and when they drive, and encouraging good driving habits. Chubb clients can download the app today from the App Store or Google Play Store and use the code **FamilyApp** to activate it. Your clients can learn more about how to keep teenage drivers safe by viewing Chubb's newly created [Resource Guide](#).

The Chubb Masterpiece Program is available to registered members in all states except auto in HI, KY, MA, NC, SC and VA as those are being placed in the legacy-ACE system. Additionally, NJ auto and NC home business are being written in the Chubb Non-Masterpiece environment.
