

Identity Theft Shreds Lives

Identity theft may seem like a remote possibility, yet 13.1 million consumers fell victim to identity fraud in 2015.* Thieves can not only steal money from their victims, they may rack up debt, file for a false income tax refund, and even [commit crimes](#) in their name ruining lives and reputations. Here are [some examples](#) of different types of identity theft. To stay ahead of threats and minimize disruption to your clients lives, AIG Private Client Group, offers CyberScout™.

About CyberScout

CyberScout is a leading provider of services that help customers defend against data breaches and identity theft. CyberScout's unique approach-delivering proactive protection, preventive education, and swift resolution-offers unrivaled support for more than 660 client partners and 17.5 million

households. Based in Scottsdale, Arizona, the company has several locations in the U.S., Canada and Ireland.

A vital invitation

AIG Private Client Group homeowners policyholders in the U.S. are automatically eligible to access comprehensive identity management assistance services from CyberScout.

There are two easy ways to access information and assistance whenever you need it:

- Go to www.idtheft.aig
- Call the cyber assistance hotline: 888- 760-9195

Summary of benefits

- Unlimited, 24/7 support and resolution assistance from CyberScout fraud specialists Proactive services to reduce risks
- Protection for all immediate family members in the household
- Access to tips, news alerts and best practices on how to avoid identity theft

Proactive services

If your client wants to report a problem or stop it from escalating, a CyberScout fraud specialist can step in to help. Among the broad range of circumstances supported are phishing scams, retail data breaches, and social media or email hacking. If traveling, CyberScout also can assist with worldwide document replacement, including passports, birth certificates, credit cards, driver's licenses and more. Visit www.idtheft.aig to learn about behaviors that increase their vulnerability, and get educated on best practices for identity protection.

Fraud resolution

Identity thieves can attack from just about every angle. CyberScout can help them regain financial stability if their personal information is used to open a bank account, file a false tax return, pay utilities unrelated to their household, deplete their legitimate government benefits and much more.
