

## SPECIAL FEATURE

### Take Note of Three Important Coalition Updates: 2 Additional Admitted States, Enhanced Broker Resources & Surplus Lines Policy Fee Increase

By Carla McGee

With the recent addition of Virginia and Massachusetts, Coalition's cyber product is now admitted in [40 states and DC](#). The broad underwriting appetite and customizable coverages allow agents to turn to Coalition as a one-stop shop for commercial cyber liability coverage.

In addition to a recent announcement about Coalition's new broker resources, Coalition has added coverage comparisons to the wealth of resources available online. These resources are a great starting point in helping agents compare coverages. A full comparison is dependent upon review all forms and endorsements provided in the quotes.

Also, effective Feb. 1, 2020, the policy fee for Coalition surplus lines policies will increase from \$100 to \$125. Due to regulation restrictions, New Jersey, Michigan, Montana, New Hampshire and South Dakota are not affected. This change is to cover increased administrative costs. Current quotes advising of the \$100 policy fee will be honored.
